

For a truly unique event destination where old-world charm meets modern world-class facilities all in one location, look no further than Australia's premier preserved steam railway, Puffing Billy, located in the heart of the Dandenong Ranges. This century-old steam train continues to run on its original mountain track between Belgrave to Gembrook, offering authentic incentive activities from traditional train journeys and the iconic experience of sitting on open side carriages, to first class dining on and off the track and seasonal events.

Nestled amongst the towering rainforests, cool fern gullies and native flowers of the Emerald Lake Park precinct, the Lakeside Visitor Centre combines its natural surroundings with the authentic sights, smells and sounds of Puffing Billy Railway to offer guests a dedicated cultural hub and flexible event space to suit any occasion.
